

# Custom Fencescaping

City Line of PVC Vinyl Fencing

# Welcome!

The City Line of PVC fencing is made from only the heaviest vinyl, offering cutting edge styling that holds up to the rigors of the city or the extremes of the country. PVC offers you lasting privacy and beauty that is virtually maintenance-free. Choose from a variety of combinations, matching gates, accents and arbors. All styles are available in white, and select styles are also available in tan.

We design and manufacture over 30 styles of PVC fencing with unlimited combinations to fit every taste and space, large or small. Most orders are custom made, offering you the ability to complement your home's landscaping and architectural design. All styles can be made with specific rail and picket spacing to meet your local pool code specifications. Many of the styles are available in a variety of configurations, as shown below. You are limited only by your imagination!

In addition to PVC Vinyl fencing, we also design and manufacture over 50 styles of cedar fencing, and can recreate all styles out of low maintenance Cellular PVC. Ask your sales staff member for information on these great products.

## Fence Configurations

Below is a diagram of the many configurations available.

**Straight**

**Scallop**

**Cathedral**

**Stepped**

**Staggered**

**Capped**

**Radius**

**Capped & Staggered**

**Taper (scallop also available)**

## Installation Techniques

Fencing can be installed using several different methods. The following illustrates each method. Please note that not all fencing styles are suitable for racking.

**Stepping**

**Racking**

**Straight**

# An Introduction

## Denver Straight

Denver features dog-ear vertical pickets. The style features pickets that are assembled through routed horizontal rails, making this a neighbor-friendly, double-sided, spaced picket fence.

## Denver Scallop

Add olde world charm in maintenance free PVC to your property with Denver Scallop fencescape. Featuring double sided construction, routed horizontal rails, and dog-ear pickets.

## Montauk

Custom Montauk offers a PVC tongue-in-groove bottom panel with a lattice topper. Available in diamond, square or mini lattice, this stylish design lends itself well to any landscape. Top horizontal rail is 2" x 3 1/2", and middle and bottom rails are 1 3/4" x 7".

## Montauk Scallop

The solid bottom offers privacy, while the scallop lattice top offers a touch of English Country garden elegance. Montauk Scallop is available with diamond lattice.

# PVC Vinyl

## Spaced Picket & Double Sided Fence 3

# Boston & Hampton

## Boston

In stock and ready to ship, Boston offers maintenance-free PVC privacy fencing. Available in 6' high. Horizontal rails are 1½" x 5½". This style is available in white only.

## Hampton

Hampton features tongue-in-groove vertical boards combined with 1 3/4" x 7" horizontal rails, resulting in a heavier version of Boston.

## Hampton Cathedral

The attractive Hampton Cathedral is achieved by the use of a curved horizontal top rail. This popular style is great for gates, as shown in the inset, or in a fence line, as shown at far left.

## Hampton Special Sections

Because Hampton is custom, it can be made to fit any need. Left: Hampton Scallop. Right: 6' Hampton is tapered down to 4' Hampton.

# PVC Vinyl

### Orlando Straight

Orlando pairs a PVC tongue-in-groove bottom panel with a picket topper. Very popular in all configurations. Shown at right is Orlando Straight with a Tapered-top side panel. Inset shows detail of Straight panel.

### Orlando Scallop

A delightful classic combination of solid bottom and picket scallop top, Orlando Scallop is beautiful in any height. Also available with scalloped top rail and midrails, as shown in the inset.

### Orlando Capped

By capping the Orlando with a top horizontal rail, you get a completely different look! Shown with our Newport Gate in the inset, and with double gates in the large photograph at right.

### Orlando Stepped

Orlando is beautiful in Stepped configuration! Shown far left with modified 12" top), and in the inset with 18" top, which is standard.

Double Sided Fence

# Louisville

## Louisville Straight

Louisville is the ultimate example of how PVC can duplicate the traditional styles previously available only in wood. It is available in all configurations, each one as beautiful as the next. All Louisville configurations are available in white and tan, and can be made to meet pool code. Shown here is Louisville Straight.

## Louisville Staggered

Alternating picket heights creates the beautiful style called Louisville Staggered. Shown at right with

New England Dome caps, and in the inset with PVC arbor.

## Louisville Capped

By placing a horizontal rail at the top of Louisville Straight, we now have

Louisville Capped. Great for entryways, fencelines, deck railing, and as a surround for pool enclosure.

## Louisville Capped & Staggered

Combine the alternating pickets of the Louisville Staggered with the horizontal top rail of the Louisville Capped, and the result is Louisville Capped and Staggered.

# PVC Vinyl

### Louisville Scallop

Undoubtedly our most popular selling Louisville configuration, Louisville Scallop is at home in any landscape. Looks great alone, or when paired with brick columns as shown in the

lower inset photograph, which also shows how it can be modified with larger spacing between the pickets.

### Louisville Stepped

This victorian double-sided fence adds classic charm to any home. Add a PVC arbor or decorative post sleeves, as shown at left, to enhance your look.

### Louisville Radius

When it comes to adding an eye-catching architectural element, Louisville

Radius sections can't be beat! Custom-made and limited only by your imagination. Shown at far right as an accent to a gate, in the inset as a set of wings off a custom PVC arbor.

### Louisville Special Sections

Louisville style PVC vinyl fencing can be custom made to meet any need. Here are some ideas. Pictured from left to right: Stepped accent, Louisville sweep with scallop rail, Capped with drop rail, Capped & Staggered with drop rail, Capped & Staggered with scallop rail, Scallop with scallop rail, Capped & Staggered with drop rail.

**Louisville Spaced Picket**

## Oak Beach

Oak Beach is the newest addition to the City Line of PVC fencing. This style is great alone, or as shown at left accompanying a PVC arbor.

## Buffalo

Sleek styling with 1" spacing offers you virtual privacy while allowing a gentle breeze through. Aluminum insert included in the bottom rail for added strength.

## Newark

A variation on the Buffalo, Newark is great for fencing, pools or patios. Middle horizontal rail is standard on all sizes. Large photograph at left shows Newark installed around a patio. In any setting, Newark is a winner!

## Tulsa

Tulsa is the perfect fence anywhere that a modest border is desired. It offers 1 1/2" wide vertical pickets with standard 2" spacing. Inset shows Tulsa gate. Large image at right shows Tulsa fencing.

# PVC Vinyl

## Dover

Dover offers 6" wide dog-eared vertical boards. Also available in a scallop configuration, this style is great for uses where style and privacy is desired.

## Kansas

Kansas can best be described as a maintenance-free PVC version of a dog-eared 3" wide picket stockade.

Available in both straight and scallop configurations. Shown at left is Kansas Scallop fencing. Shown in the inset are Kansas Scallop double drive gates.

## Vegas

Vegas offers the same sturdy look of 6" wide vertical boards shown in the Dover, but adds 1" spacing for air flow. Vertical boards have dog-eared tops as an added feature.

## Fresno

This single-sided semi-private section comes preassembled, making it a good choice for its great looks and ease of installation.

# PVC Vinyl

## Single Sided Fence

## Cross Buck

Cross Buck is equally as beautiful in maintenance-free PVC as it is in traditional wood. The decorative "X" pattern makes this fence style pop!

## Diamond Rail

Our diamond post and rail is available in 2, 3 and 4 rail heights. Diamond Rail is perfect for horse corrals.

## Post & Rail

Available in 2, 3, or 4 rail, our PVC Post and Rail is a great choice for property delineation, horse corrals, and more. Shown far left in three rail, and in the inset in two rail height.

Horizontal rails sizes available are 1½" x 5½" or 2" x 6."

# PVC Vinyl

## Phoenix

Phoenix features 1 1/2" square pickets. All of our railings are available in white and tan. However, colors may vary slightly between posts, rails and spindles.

## Raleigh

Similar to the Phoenix, Raleigh features 7/8" by 1 1/2" rectangular pickets. All of our railings look great as porch, stair or deck railing.

Shown far left with t-rail handrails and in the inset with standard 2" x 3.5" rails.

## Reno

Reno features turned pickets that look great in any setting. Shown at far right with ball caps on a New England style home, and in the inset: with newel posts in a colonial setting. Shown in inset and at far right with t-rail handrails.

# PVC Vinyl

## Deck & Stair Railing

## Trenton

If you are looking for board-on-board style fencing, but don't want the maintenance of wood, we've got just the ticket. Trenton features board-on-board construction and is a beauty in any height.

## Trenton with Lattice

What could be better than this? Take the board-on-board Trenton style and add a lattice topper for a very stylish look, which we call Trenton with Lattice.

## Lattice

The beauty of English Lattice, but made in durable, maintenance-free PVC. Available in 2" diamond or square lattice pattern. Shown at far left is Lattice Straight fence with a PVC arbor, and Lattice Scallop gate. The inset shows a Lattice Sweep accent section. The design possibilities are endless!

## Providence

Providence, the newest addition to our PVC line, features a solid board tongue-in-groove bottom with a powder-coated aluminum ivy topper panel. This fencing style offers the ultimate in luxury and style.

# PVC Vinyl

## Resort Line of Designer Gates

Enhance the look and functionality of your PVC arbor or pergola with one of these beauties. Available in six styles, the Resort Line of Designer Gates combines designer styling, expert craftsmanship, and maintenance free PVC. Have the look without the labor! All gates are available in single or double swing, and in custom sizes. Gates and arbors/pergolas sold separately.

Deluxe Line of Gates

## Intro Arbor

4" thick arch atop 4" posts. Available in 4' to 8' widths. 5', 6' and 8' widths are achieved by adding a welded spacer into the arch (see inset). Can also be ordered with 5" x 5" post upgrade, as shown in the photo at right (which also has special caps), and with square lattice as shown left. 4' arbors are made with one-piece arches.

## Island Arbor

5" thick arch atop 5" posts. Available in 4' to 8' widths. 6' and 8' widths are achieved by adding a welded spacer into the arch, as shown in the inset above. All PVC arbors can be made with square or diamond lattice. 3½', 4' and 5' arbors are made with one-piece arches.

## Paramount Arbor

The beauty of the Paramount Arbor is unsurpassed in today's market. We've combined gorgeous collars featuring dental moulding (as shown in the inset at right) with a 5" x 5" arch and 6½" posts. It just doesn't get any better than this! Available up to 8' wide. 6' and 8' widths are achieved by adding a welded spacer into the arch.

## Pergolas

Enhance your property with a stunning, maintenance-free Pergola. These look great alone, as a garden entry, or as part of a fenceline. Our PVC Pergolas are available custom made to your specifications, from 3' to 8' wide. Shown at left are custom pergolas with square lattice. Add a gate from our Resort Line of Designer Gates, shown on page 13, for added beauty and functionality.

# PVC Vinyl

## PVC Post Caps

Enhance the look of your fence by topping your posts with decorative post caps. Make them functional by choosing one of our several lighted styles (solar or 110v) that are available. PVC caps can also be topped with decorative cedar finials (top right).

## Curved PVC

We can replicate any fence style previously available in wood by incorporating curved PVC rails into your fence line. Here are just a few examples of the many options available.

# Other Products

## Deer Fencing

If you have a deer problem, we have several cost effective solutions: Cintoflex C and P, Welded Wire, High Tensile or Steel Deer Hex. All products are proven effective!

## Ornamental

Ornamental Estate fencing is a timeless choice. We offer several styles in aluminum and steel, several of which meet pool code.

## Aluminum Railing

Ornamental aluminum deck and stair railing are growing in popularity. This is a low maintenance, beautiful product, available in several colors. Custom colors also available.

## Chain Link

Chain link systems are available in steel, or coated in black or green. Whether left alone (left), or accompanied by privacy slat inserts (right), this is always a great choice for fencing projects.

## Cedar Fencing

Nothing compares to the classic beauty of custom cedar. We design and manufacture over 50 styles of cedar fencing. In addition, we offer cedar arbors, pergolas, gates, and custom work to your specifications.
